History. Philosophy, Politics and Economics was established as a degree course at the University of Oxford in the 1920s, as a modern alternative to classics (known as "literae humaniores" or "greats" at Oxford) because it was thought as a more modern alternative for those entering the civil service. It was thus initially known as "modern greats".

Constitutional economics is a research program in economics and constitutionalism that has been described as explaining the choice "of alternative sets of legal-institutional-constitutional rules that constrain the choices and activities of economic and political agents". This extends beyond the definition of "the economic analysis of constitutional law" and is distinct from explaining the ...
